Hammering Austrian Centre
ROME, June 12, via Paris.—The
action begun by the Italians on the
Trentino ligh plateau of the Alpine
front is proceeding at an altitude of
7,000 feet, amid stormy atmospheric
conditions. The fighting is along the
front where the Italians stopped the
Austrian invasion a year ago. Now
the Italians' advance is threatening
the centre of the Austrian positions
leading from the Trentino high plateau to the Sugana valley, which ends
near Trent.
The present action in the Trentino
is the best proof Italian military office

near Trent.

The present action in the Trentino is the best proof, Italian military officials say, that the Austrian counter-offensive on the Carso front neither inflicted the heavy losses claimed nor affected the morale of the Italian army. After holding all the chief positions taken in the Carso advance, the Italian command instigated a new offensive on the Trentino front despite their knowledge that a great collection of Austro-stungarian troops had been made there from the Russian front.

PEASANTS' COUNCIL THREATENS CUT OFF FOOD TO KRONSTADT

Revolutionists Called Upon To Recognize Provisional Government.

PETROGRAD, via London, June 12
—The all-Russian congress of peasants' delegates, after discussing at a special sitting the recent events at Kronstadt, passed the following resolution by a vote of 1,000 to 4:

"The congress wishes to inform the inhabitants of Kronstadt that the beasants will stop the despatch of all food to Kronstadt if the town does not immediately join her revolutionary forces to those of the Russian democracy, and unless it recognizes the provisional government."

At the same time the resolution urges the government to demand the absolute submission of Kronstadt, and, in the event of the refusal of the town, to adopt most energetic measures for the dissipation of Kronstadt's separatist aspirations. The congress promised the government the support of all peasants in the struggle against Kronstadt.

Important Resolutions Passed At Closing Meeting Saskatchewan Methodist Conference.

Methodist Conference.

SASKATOON, June 12.—The Methodist conference closed here today after a week's session. Several resolutions of importance were passed. One referring to the raising of money for patriotic purposes reads: "We believe that all funds necessary to the prosecution of the war should be raised by the government according to the brinciple of ability to pay. We deprecate the vulgarizing of a great ideal by the custom of raising money for patriotic, Red Cross and other funds by lotteries and dances, realizing that this is a pandering to elements that are a source of serious weakness to the highest spiritual rife of the members of our church."

War Censorship

A resolution on censorship was passed amid vigorous applause: "We believe it to be the duty of our government to exercise such restrictions on publications as will protect naval and military plans for defense. On the other hand, while affirming our loyality to the cause of the empire, we believe that the recent action of the Dominion government in placing a ban on the possession of "Defeat" by Arthur Mee, is not only unwise but directly hostile to the best interests of the cause of the allies."

Another resolution dealt with the language question: "We would respectfully urge that the provincial government take such steps as will make for full enforcement of the provisions of the school act regarding the teaching of English in all the public schools of the province."

Church and Soldiers

The soldiers and returned soldiers

The soldiers and returned soldiers also received special mention by the conference in the following: "We recommend that the church make organized provision for sustaining personal relations with soldiers' families and soldiers, both on service and their return, recognizing that no grant or rifts of land or money can take the place of a Christian personal relation."

In regard to Sabban observance it was recommended that at least one

(By Morning Builetin Leased Wire)
MONTREAL, June 13.—The Presbyterian general assembly tonight unanimously agreed on a discontinuance
of organized propoganda for and
against church union until two years
after the war and averts the imminently threatened split in the Presbyterian church due to the determination of the Presbyterian Church assoclation that the Presbyterian church
should be continued regardless of
union. The resolution which brought
about unanimity in the assembly provided for modification of the church
mion committee of the assembly, "in
order to secure the fullest approval
for co-operative requirements, and
that its functions during the period
of truce between the pro- and antimionists shall be confined to already
used forms of co-operation with the
other two denominations."

The resolution arose from a confersince between the mover and seconder
of the majority report of the church
union committee, which was submitted
last night, Sir Robert Falconer, Toronto, and the Rev. Dr. Herridge, of
Ottawa, the mover and seconder of
the report from the minority of four
in that committee, the Rev. Dr. Clay,
of Victoria, B.C., and Judge Farrell
of Moosomin, Sask.: and Dr. Dickle
of Montreal and Profesor Jordan, of
Queens university, Kingston. The conlerces represented the opposing factions in the assembly. The resolutior
drawn up by them and submitted tonight was a modification of the three
resolutions submitted last night.

nounced for stern measures against the mutineers, the ringleader of whom was named Philopoff.

Resolute General Chosen

A resolute general was chosen, having under his command two divisions of loyal cavairy, two battalions of infantry, one light battery, armored motor cars and airplanes, and undertook the task of suppressing the revolt When the loyalist general had occupied positions against the mutineers he sent an ultimatum to them demanding the surrender of the ringleader; that they take up positions as ordered and that they undertake to serve faithfully in the future.

The mutinous soldiers , seeing that they were surrounded, attempted to negotiate, but at the last moment Philopoff incited them to new resistance. The loyalist general immediately ordered his guns into action, whereupon the rebels unconditionally accepted the ultimatum and surrendered Philopoff and athers who were transported to prison in an automobile. The loyalist reserve troops became enraged and fired on the automobile, but their commander in order to save the prisoners' lives jumped into the machine, whereupon the firing ceased.

There is great rejoicing in government circles tonight over the first success in the inevitable struggle againts the forces of anarchy.

Climax In The Affairs Of Greece Brought About By M. Jonnart, French Senator, Special Representative Of The Powers—Crown Prince Eliminated As Successor—Both To Leave Country—Second Son, Prince Alexander, Succeeds—Reservists Threaten To Make Trouble—No Disorders.

(By Morning Bulletin Leased Wire)
ATHENS, June 12, via Paris.—The fall of Constantine I, king of the Hellenes, has come. In response to the demand of the protecting powers. France, Great Britain and Russia, he abdicated today in favor of his second son, Prince Alexander.

This climax in the affairs of Greece was brought about through the agency of the French senator, M. Jonnart, who has held positions in several French cabinets, and who arrived at Athens only a day or two ago on a special mission as the representative of France, Great Bratain and Russia. M. Jonnart had previously visited Sainiki and other points, and he lost to time in getting into conference with the Greek premier, Alexander Zalmis. The demands of the powers respecting the abdication of King Contantine also specifically eliminated Frown Prince George as his successor, the crown prince seing included among those Greeks in official life who were considered strongly progerman.

King to Leave Country

Both the former king and Prince George, it was announced today by Premier Zaimis, intend to leave the country immediately. It is reported that they will embark on a British warship and proceed to Switzerland by way of Italy. It is presumed that Prince Alexander will take up his dingly duties with full aceptation of he ideas which the protecting powers lesire to be put into effect in the government of Greece during the present war. Affairs in Greece, which several times since the outbreak of the war has been for uncertainty that it became necessary for the powers to act with lecision. M. Jonnart was selected to proceed to Athens for the purpose of laying before the premier the aims which France, Great Britain and Russia had with respect to establishing unity of feeling among the Greeks and for the security of the entente forces engaged in operations in the east. While he informed the premier that roops had been placed at his disposal at appealed to that official to use his affuence towards a peaceful settlement. The troops, according to M. Jonnart's instructions, were not to

land until the king had given his an-

land until the king had given his answer.

Demands Abdication

M. Jonnart called upon Premier Zalmis on Monday morning and demanded in the name of the protecting powers the abdication of King Constantine and the nomination of his successor, and the exclusion of the Diadoque (Crown Prince).

M. Zamis recognized the disinterestedness of the powers, whose sole object was to reconstruct the unity of Greece under the constitution, but he pointed out to M. Jonnart that a decision could be only taken by the king after a meeting of the crown council, composed of former premiers.

Sporting Facts and Fancies

Chartie Comiskey is usually a pretty shrewd business man but his investment of \$11,000 for Eddie Murphy has certainly not proved dividend bearing. Two years ago Comiskey handed the above mentioned sum to Connie Mack for Murphy and for the greater part of the time the latter's work with the White Box has consisted in warming the bench.

Alexander the Great must be feeling very much like his illustrious namesake of Macedonia, only that the fatter was never, never knocked out of the box but wept because there were no more teams to conquer.

Bill McKechnie is getting himself into trim to play third base for the Reds, and that means a shift for Heinle Groh to second. When this is accomplished Matty thinks his team is going to make a better showing. Well, here's hoping.

Everybody stop talking, while Mr. Bunny Brief takes the floor. Bunny, be it known, is doing his darndest to hold down the first sack for the Pirates. And thereby hangs a tale, (Not by Bunny, but by the Pirates' first sack). Since Kitty Bransfield, now a National League umpire, held the first base job for the Pittsburg team, there have been twenty other players who have tried their hand at the job and failed. Bunny seems to be making good, too. He has been a near major league player for several years. He played first base for the Bait Lake club of the Pacific Coast league in 1916 and in 195 games had a batting average of .314. He has had a whack at big league playing before this but somehow or other didn't come up to expectations. Barney Dreyfus, however, believes that Brief has "arrived" and will make good with the Pirates. The price for Hrief's release is \$6,000.

Tomorrow wil be a holiday throughout the United States and Canada. Maybe the boss won't close up shop and everything will go on as usual, but it will be a holiday, nevertheless, for the greatest game in the world, Baseball, will celebrate its seventieth anniversary Several cities have claimed the honor as the birthplace of baseball. Boston says that a game called "New England" was the forerunner of the game as it is known today. Philadelphia says no, "town bail" is the parent of baseball. The latter game, it is said, was played by an organized club, the Olympies, as far back as 1833. The early game of "rounders" was an earlier phase of the same game. The real home of baseball, when all is said and done, is—hold on a minute—Hoboken. It was there that seventy years ago tomorrow the first bona-fide baseball game between clubs was played. The contenders were the Knickerbockers and the New York Cities, and the game was played on the Elysian Fields, near Jersey City. That was on June 14, 1846. The Elysian Fields, near Jersey City. That was on June 14, 1846. The Elysian Fields are now the cite of Hoboken. The Knickerbockers were organized in New York in September, 1845. They were the first to formulate playing rules. The New Yorks organized a little later and adopted the same code. Both of these clubs played several games with scrub teams, picked up from among the spectators, before they faced each other on that June day in 1846. Under the rules that obtained at that time, the first team to make twenty-one runs was the victor. The game lasted four innings, the Knickerbockers winning, but history does not record the score of their opponents. The Knickerbockers found their first real rivals in the Gothams, organized in 1850, and the Greenpoint Eckfords and Morrisania Unions, organized in 1854, and a little later the Elm Trees disputed honors with the pioneers.

But heavens! Just think of it! Twenty-one runs in four in 1854, and a little later to pioneers.

But heavens! Just think of it! Twenty-one runs in four innings!

1895—John L. Sullivan defeated Jack Burke in five rounds at Chicago. For this little session in the Windy City, which proved to be nothing more than a little amusement for the Boston "Strong Boy," Sullivan received \$4,300. After John L. became champion by defeating Paddy Ryan in 1882, the whole world was scoured for a man who might stand a chance against John L. and Burke was only one of many whose rosy hopes were smashed by John's big fist. He disposed of one after another with great ease, with the exception of Charley Mitchell of England. He got \$12,000 for his bout with Tug Wilson; \$11,000 for the fight with Mitchell in Madison Square Garden in New York, when the Britisher knocked him down; \$13,000 for showing up the widely advertised Herbert Slade; \$10,000 for defeating John Laffin in three rounds at the Garden; and so on. 1908—Tommy Burns knocked out Bill Squires in eight rounds at Paris.

1913—Jimmy Clabby defeated Eddle McGoorty in twelve rounds at Butte.

1913—Mike Gibbons knocked out Young Ahearn in four rounds in New York.

OFFICERS WHO HAVE RETURNED ARE NOT EXEMPT

Conscription Exemptions Only Include Men Who Have Served and Honorably Discharged officers' Opportunity in Army.

Ottawa, June 12.— Officers of the overseas forces who have returned to Canada from England without seeing service and have resumed civilian life will not be exempt from the provisions of the conscription law. It is definitely set forth in the bill that the exemptions will include only "men who have since August 4,1914, served in the military or naval forces of Great Britialin or her allies in any theatre of actual war and have been honorably discharged therefrom."

Militia officers will be in the same position as civilians in regard to conscription, although due consideration will doubtless be given by the military authorities to the fact that they have qualifications which might entitle them to serve in positions above a private.

As many officers will be required to

As many officers will be required to train the new army there will be doubtless opportunity for properly trained officers of the militia who have been properly trained to serve as noncoms, and in higher ranks.

Strong Language at Anti-Conscription Meeting-Servitors Of England,

MONTREAL, Jue 12.—The lull in the campaign of anti-conscriptionists which set in during the perplexities of the political situation at Ottawa prior to Sir Wilfrid Laurier's refusal to join with the government in Sir Robert Borden's conscription program was broken tonight. A meeting in denunciation of conscription was held in St. George Etienne Cartier square, St. Henry, at which Tancrede Marcil was the principal speaker. Approxiwas the principal speaker. Approxi-mately 3,000 people attended. Alder-man Bedard of St. Henry presided Besides Mr. Marsii the speakers were Lorenz Robitaille and Leo Doyon both of whom became prominent in the meetings which followed Sir Rob-ert Borden's first pronouncement for conscription.

ert Borden's first pronouncement for conscription.
While no words of especial vio-lence were used by the speakers, the conscription proposal was fiercely de-nounced as improper and unconstitu-tional. Mr. Marcil assured Premier Borden that vio:ence would be met with violence. The Hon, Albert Sev-igny was spoken of by Mr. Marcil contemptuously. "Be calm," added Marcil. "They

may send regiments from other provinces to impose conscription on us. Be calm. We will have an organization that will meet the imperialists. Canada is governed by the servitors of England. They want to kill our youth,

EARNEST OF FINAL VICTORY TO ALLIES

Field Marshal Haig Congratulates General Plummer And The Second Army.

BRITISH HEADUARTERS IN FRANCE, via London, June 12.—(By the Associated Press.)—Field Marshall Haig has issued a special order of the day congratulating General Plummer and the entire second army which he commands, and saying that the complete success of their attack last Thursday is an earnest of eventual final victory of the allied cause." General Haig emphasizes the fact that the position assaulted was "one of very great natural strength, on the defense of which the enemy had labored incessantly for nearly three years," and says the British casualties for a battle of such magnitude were gratifyingly light. The full effects of the victory cannot be estimated yet, but that they will be great is certain. After detailing the advantage which the Germans had in possession of the ridge, which gave them foreknowledge of and time to prepare for the the Germans rad in possession of the ridge, which gave them foreknowledge of and time to prepare for the British attack, General Haig declared that the capture of Messines shows "nothing can save the enemy from complete defeat, and brave and tenacious as the Cerman troops are, it is only a question of how much longer they can endure repetition of such blows."

BERRY CANNERS WANT HELP HAMILTON. Ont., June 12.—Canning factories in the district are clammoring for help and it is feared that, unless the response is immediate there will be a big wastage of food One factory here, which has fourteen cars of berries on the tracks, has been advertising for 350 women and girls, but only a few have answered the call. The factories claim they are confronted with the worst shortage of help hey have ever experienced.

Today's Anniversaries

On June 3, 1605, a great riot took place at Moscow when Fedor Godonnoff, the reigning exar, who had been but two months on the throne, was dragged with his family from the palace, which shows that history repeats itself, for practically the same things are happening in Russia today. Fedor was shut up in a nearby house and murdered a few days later.

ser. Today, U. S. is in the war and as much in earnes? as England, or France. Three years ago we had their sympathy—how we have their active co-operation. And that is what the exhibition association wants of the business men of the city of Edmonton. They consider they are childed to it.

Mr. Fisher has asked me to say something about what the exhibition is doing for the country. I would like to say a few words about the activities and the work generally done by the exhibition association. Every one knows that we conduct a Epring Show and a Summer Exhibition, but a great many people do not know how wite the scope of our work is. The echibition office is the headquarters of the Alberta Provincial Horse, Cattle, Sheep and Swine Breeders' associations, which comprise in their membership about four hundred of the most progressive farmers in Northern Alberta, and the exhibition office are practically the clearing house for live stock interests in this part of the province. We are continually in receipt of inquiries—both personal and by correspondence—as to where good stock can be purchased, and we have made many exchanges. Only a few days ago we sent \$200 to the Ames Agricultural college in lowa for a pure bred Berkshire pig about 6 months old for one of our members. About six weeks ago we sold two bulls for Hon. Duncan Marshall to one of our members in the Peace River d'errict, at a place called Bluesky, which

months old for one of our members. About six weeks ago we sold two bulls for Hon. Duncan Marshall to one of our members in the Peace River d'scrict, at a place cailed Bluesky, which I understand was named by Col. Cornwall, and is not far from Peace River Crossing. I mention these two instances, but we are continually zending sheep and swine into the Peace River district and frequently the purchaser never sees the animals until they reach him. We sent two pigs not long ago to Grande Prairie, the distance is I believe about 400 miles; the man never saw the pigs until they arrived but is well satisfied with them and now his neighbors are writing and asking that we perform a similar service for them.

Pay Particular Attention to North. We are paying particular attention to the Peace River country as we know its value to the city of Edmonton and we are doing what we can to establish market relations with the settlers in that district. We had our first exhibit from this district at our recent spring show; we had one fat steer, two horses, and one bull consignment for sale. We have found out one thing in dealing with the farmers in this district—and that is that they are a superior class of settlers; too many homesteaders within a reasonable distance of Edmonton merely take up the land and do enough work on it to obtain their titles and then lisnose of the land. The homesteader who made his way up into the Peace River country had to have capital, energy and stamina, otherwise he never would have faced the proposition; he went hundreds of miles from the asse of supplies and was practically lependent upon his own efforts for a ivelihood. These men are well worth forming business connection with.

In securing platform attractions we have endeavored to get clean wholesome acts well worth seeing. The Midway Shows have been passed upon by a committee from the Toronto exhibition where they are engaged to appear at the finish of the Western Canada fairs circuit.

We have Miss Katherine Stinson with us again this year after just finishing a tour of Japan and China. In the evening we are putting on a patricuit spectacle or pascant called the "Sons of the Empire," in which 200 people will take part, something slinilar to the "March of the Allics," which we had last year,

In 1915 a large number of those using space in the Manufacturers' building quit mainly for economic reasons, in order to keep up the appearance of the building we enlisted the co-operation of the school board and put on a splendid display from the public and technical schools which compared favorably with any of the larger exhibitions in eastern Canada or the U.S.

This year we foresaw that the space in our Manufacturers' building would

weifare exhibit obtained from New York and exhibited at the Edmonton exhibition for the first time in Canada. A wise man once said, "If you ever want to be of use in the world, do something for children."

We have also arranged for an exhibit of over 30 paintings from the National Art Gallery at Ottawa and this with the display from our public schools and our technical schools will make a very interesting building. I could go on and speak of our dairy building, domestic manufacturing, the government of wool and eggs, but it would take too long to describe everything on the grounds. We are this year running a six-day show, beginning Monday morning, closing Saturday night, the first four days we will have horse races and the last two days auto races; these auto races will be conducted under the sanction of the International Motor Contest Ass'n.

Report of Council

Two meetings of the council of the board were held since last report was submitted. A national service appeal was considered, as was also the coal situation. Special committees will report on these questions. A committee also attended a conference on the Fac-

port on these questions. A committee also attended a conference on the Fac-tories Act, with reference to railway foresight rates. 15 per cent, increase the council is of opinion that such in-crease should only be favored after it is hown that such increase is necessary

is hown that such increase is necessary in order to give satisfactory accommodation to the public.

A special committee was appointed to consider the advisability of arranging a Board of Trade trip by special train or otherwise, through tributary territory during the present summer.

Supreme Court

His lordship Mr. Justice Ives is hearing the action of the Canadian Equipment Supply company vs. Grady Brothers. This is an action under and by virtue of certain promissory notes. It appears that on the 11th of August 1913, the plaintiff company agreed to sell to the defendant company 1 Clyde Holst and 1 Mauerman Bucket for the sum of \$3.961.08. By the terms of the agreement the actual possession of the holst and bucket was to be given to the defendant company and notes were to be given by Grady Brothers to the plaintiff and the title ownership and right of possession of the holst and bucket was to remain in the plaintiff until the said holst and bucket was to remain in the plaintiff until the said notes or any renewals thereof should be fully paid. There were three notes given and default has been made in payment, directions being given to the sheriff to selze the above chatte's. The case is proceeding.

A. McLeed Sinclair, of Calgary, for the plaintiff company.

H. H. Parlec, K.C., for the defendant company.

Cooking Lake Neighbors Come up Before Magistrate Barclay For Hearing

After hearing numerous witnesses for the defence and prosecution in the case where Ernest Brown, a farmer in the Cooking Lake district, was charged with the theft of a collie deg from George Frieson, a neighbor, Magistrate Barelay in the police court Tuesday morning decided that both sides were correct. The charge against Brown was dismissed.

According to the prosecution the dog was purchased in Swalwell by Frieson and brought to his farm near Brown's. The accused testified that he raised the dog and it strayed during March and came home in May, about a month after Frieson moved to the district. The magistrate gave the dog into the custody of Brown.

The finding of a full bottle of liquor and a bottle partly full in the barber shon of Tokuriro Nakanura on 10ist street, by police officers cost the proprietor \$50 and costs. Nakanura pleaded guilty.

Geo. Portas, who was charged with speeding and with unlawfully passing a standing street car, was fined \$3 and costs on the second charge and was dismissed on the first charge.

On a charge of horse stealing, August Kales was remanded until Thursday. Edward Kalas, who was charged with being in possession of stolen property, was also remanded until Thursday. H. Sternn, also charged with horse stealing, will come up again on Thursday.

E.D. & B.C. Train Tuesday Evening Carried 150 Prospective Settlers.

Notwithstanding the partial let up in the immigration from the States, the trains north on the E. D. & B. C. are crowded with homeseekers. Last evening's train carried close to 150 people. Among those now inspecting the Peace River country are many from southern Alberta and Saskatchewan who having finished seeding, are choosing the spare time between now and harvest time for the trip. Seven heads of families from the state of and were possessed with enough capilorth Dakota were going in to locate is to buy in case they could not find what they wanted for homesteading. Three families from Minnesota were intending joining friends north of the Peace. A man and his family of children were bound for the High Prairie district and several men from Oklahoma were scouling for a number of families intending coming from that state.

Oklahoma were scouting for a number of families intending coming from that state.

Another feature of the travel is the increasing number of sight-seers who are going for a trip into the Far North, The last train for Peace River carried two men from California, who are making the trip to Fort Vermilion on the river boat D. A. Thomas, One of them, Dr. J. P. Smith processor in the Stanford University, is on business for that seat of learning and will go as far as the chutes. With him is J. R. Talpey of Los Angeles, who is travelling for both pleasure and business. Both gentlemen expressed themselves as surprised at what the north had hidden from the average tourist, explaining that comparatively few of the pleasure seekfor of the States even dream of such in opportunity to see sights that compare favorably with those of foreign countries.

countries.

The new schedule now in force on the northern line calls for Tuesdays and Fridays as train day and will dcubiless prove of advantage to the people living along the line, as it will give them two days in Edmonton for business instead of one.

Mrs. J. H. Johnston gave a very for and interesting report of the branch seeding just recently held in Calgary to the meeting of the W. M. S. of Wesley church, held on Tuesday afterdance. There was a very good attendance. The regular order of business was followed. Mrs. Chappelle says delightfully during the meeting.

Most of the time was spent in making final arrangements for work at the exhibition by those who attended the Ladies' Aid of Grace church on Tuesday afternoon. Notice is urgently drawn to the fact that the W. M. S. of Grace church is taking the regular mid-week service and that a report of the branch meeting recently held in Calgary will be given. Both meeting will begin prmptly at S.

The Children's Day services in the Norwood Methodist church on Sunday were well attended and thoroughly enjoyed. The Rev. J. H. Johnstor rave an illustrated talk in the morning which held the undivided attention of young and old. Besides music by the school, Miss R. Elliott sang a solo most acceptably. In the afternoon the orchestra was in attendance of the program. The special musical features of the afternoon session were a sola by Miss Hyde and a chorus "Hall. Smiling Morn." conducted by Mrs. Crough. The address was given by Mrs. McClung on "The Bee," the industrious little, insect furnisher many instructive lessons for the young people. At the evening service the Rev. Val Tilton gave a forceful address to the young people and theorchestra and Mrs. Crough's chorus "May Peace Abide With Thee," were listened to with much pleasure. Altogether it was a most successful children's day, and pleasant and helpfu memories will probably long linger in the minds of the Sunday school scholars.

Women's Alliance Against School Examinations

The Women's Alliance of the First nitarian church, at the annual lunheon held at the Empire hotel Monday, discussed the provincia sensus of opinion that they should be abolished and that the children be abolished and that the children should be promoted on the result of the whole year's work, and that an average total of marks gained at the monthly school examination should decide the progression made by each student. It was thought by some mothers present that the nervour strain, together with extra cramming, made it impossible to fairly judge the merit of the student from examination papers written under such overwrought conditions. It was also pointed out that abolishment of the examinations would mean considerable saving of expense to the educational department. The Women's Alliance invite opinions from parents, teachers, members of the school board, and also from other women's societies on this important subject.

The next meeting of the Women's Alliance will be held at the home of Mrs. Robert Frower, 8960 79th avenue, on the second Monday in September. Activities will then be planned for the coming year.

A very delicious meal was served. The one long table looked very dainty and inviting, being prettily decorated with white and pale pink carnations and soft green foliage.

The ladies present were: Mrs. Desilets, Mrs. J. East, Mrs. J. W. Adair, Mrs. Harry Lambert, Mrs. McAlpine Mrs. Robert Trower, Mrs. Arthurs, Mrs. Styles, Mrs. and Miss Dickenson, Mrs. Sheriff, Mrs. Perterkin, Mrs. Bryant, Mrs. Shynch, Mrs. Kell, Mrs. Bryant, Mrs. Lynch, Mrs. Kell, Mrs. Howard, A beautiful bouquet of roses was presented to Mrs. Desilet, the president. Pupils Recital For Red Cross

About four hundred people attended the vocal recital by the pupils of E. M. Shildrick in First Presbyterian church on Tuesday night. A silver collection was taken in aid of the Red Cross work under whose auspices the recital was given and about fifty dollars was received. Mr. Shildrick has been teaching in Edmonton about two years and this is the first recital held since comemncing. The program was decidedly good and showed the pupils to great advantage. It also represented the different grades of work, and ail, the students did credit to a careful teacher. Much might be said of each performer but space will not permit. Mention must be made, however, of the double quartette which was splendidly done and was one of the outstanding features of the evening. The intonation was very good all through not only of the quartettes but of the individual singers as well. Those who were fortunate enough to attend, received a musical treat and will look forward to another recital of this nature in the near future.

THE KID HAS GONE.

The Kid has gone to the Colors
And we don't know what to say;
The Kid we have loved and cuddled
Stepped out for the Flag today.
We thought him a child, a baby
With never a care at all.
But his country called him man-size
And the Kid has heard the call.

He paused to watch the recruiting Where, fired by fife and drum, He bowed his head to Old Glory And thought that it whispere "Come!"

The Kid, not being a slacker.
Stood forth with patriot-joy
To add his name to the roster—
And God, we're proud of the boy!
The Kid has gone to the Colors;
It seems but a little while
Since he drilled a schoolboy army
In a truly martial style.
But now he's a man, a soldier.
And we lend him listening ear,
For his heart, is a heart all loyal.
Unscourged by the curse of fear.

His dad, when he told him, shuddered His mother—God bless her!—cried Yet, blessed with a mother-nature, She wept with a mother-pride. But he whose old shoulders straight

But he whose old shoulders are not ened.

The June Bride

The "Gift-for-the-Bride" is, after all, the most important, and should be of a lasting quality.

A piece of Cut Glass, Fine China or Silverware, will be the most appreciated.

NOT A RELIABLE JUDGE.

Mr. Michener attributes his narrow escape in Red Deer to the hostility of foreign-born voters, Swedes especially, to the conscrip-tion measure forecasted by the Dominion Government.

Mr. Michener's judgment on matters political is by no means infallible. It seems very likely the Swedes voted against him on his own account, rather than on account of what a Government three thousand miles away proposed to do. And perhaps the talk of some of his candidates about disfranchising naturalized British subjects got to the ears of his constituents of foreign birth. Also, it has to be noted, it was the votes of foreign-born citizens which elected Mr. Michener, He was three votes behind his opponent until the returns came along from three settlements of non-English

speaking people.

It would be a mistake therefore to suppose that conscription is as unpopular among citizens of foreign birth as Mr. Michener reports. If that were a fact the situation would indeed be anything but hopeful that the country would do its part.

THE WAR IS NOT WON YET.

"The day has come to conquer or submit. If the forces of autocracy can divide us they will overcome us. If we stand together, victory is certain and the liber-'ty which victory will secure. 'We can afford then to be gen-'crous but we cannot afford then or now to be weak or omit any single guarantee of justice and security."

These solemn words, addressed by President Wilson to the Russian people, may well be taken to heart by every man and woman in very land who either loves freedom or objects to enslavement.

President Wilson is not a man o raise false alarms. Neither is ill not be much fuel to regulate. If the control of the distribution and price of fuel in Ontario is apportant enough to justify the ppointment of a commissioner it could seem to be in order to appoint the properties of the solidarity of the allied nations can save it, and the liberty of the solidarity of the allied nations can save it, we may take it that he says noth-

of the allied nations can save it we may take it that he says not he man in this world is better situation and price of non-existent oal will hardly be a satisfactory olution of the prairie fuel probam when cold weather sets in.

THE CALL OF PATRIOTISM.

Conservative papers denounce ir Wilfrid Laurier as a partisan nd almost a traitor for refusing of join the cabinet headed by Sir tobert Borden.

Criticism of that sort would are be understand the cabinet headed by Sir tobert Borden.

Criticism of that sort would are entirely justified if Sir Wilfrid had refused to join a coalition Government proposed of ciding what war measures hould be adopted and for carrying on the nation's war effort in he way it should be carried on. But a coalition Government was need to the things Sir Robert sorden would not consider in the any when the Government's war as line of the United States, with all its resources of men and make not force the purpose of ciding what war measures hould be adopted and for carrying on the nation's war effort in the way it should be carried on. But a coalition Government was need to the things Sir Robert sorden would not consider in the any when the Government was need to the united States, with a coalition Government was need to the united States, with a coalition Government was need to the united States, with a coalition Government was need to the war. The President of the United States, with a coalition Government was need to the united States, with a coalition Government was need to the united States, with a coalition Government was need to the coaling when the Government was need to the same thing. The current of the United States, with a coalition Government was needed to provide the proposed of the war. The President of the United States, with a coalition Government was needed to provide the proposed of the war for the united States with a coalition Government was needed to provide the proposed of the war it is possible that the says not be the same thing. The current of the United States, wit

sciousness and the sense of national danger, the issue should not be in doubt. But if Russia is coaxed or coerced into making peace with the enemy and supplying him with food and muniions, al! the men and material the Allies can muster will no more than suffice to save them from subjugation. "If the forces of 'autocracy can divide us they will 'overcome us.' Any Allied nation that is not doing all that it might do is to that extent de-serting its allies and helping the enemy.

Took the Chance.

He (just to make conversation)— Do you think coals are unlucky?" She—I would prefer a diamond, if it's all the same to you.

When our loved ones leave us, Why this unseemly weeping? They are not dead! They are not even sleeping!

When our loved ones leave us, Why all this selfish crying? They have passed on But—passing is not dying!

When our loved ones leave us, Their earthly trammels casting, The soul still lives; Its life is everlasting. When our loved ones leave us, New pilgrimage beginning, 'Tis one more step T'ward the All-Father winning.

When our loved ones leave us, It but seems—this leaving— They still are near; Our dull sense not perceiving.

THE ORIGIN OF

THE PRESENT WAR The following extract is from a private letter, written by Lord Grey of Fallodon, and dated from Fallodon, Lesbury, Northumberland, March 5, 1917. It is of such remarkable and historical interest, as containing the deliberate opinion of a man, intimately familiar with every phase of world policy, during the last quarter of a century, as to the origin of the war, that permission has been obtained, from the writer, for its publication in these columns.

"We know that the origin of our entente first with France and then with Russia was a desire to avoid war and to put an and to our quarrels with those Powers and to the embittered feeling on their side and ours that had so often brought us or seemed to bring us to the brink of war. This was our motive, and a policy of encircling Germany was not in our houghts.

was our motive, and a policy of encircing Germany was not in our houghts.

"Latterly the restlessness, ill concealed ill will and enormous strength of Germany on sea and land made us feel that isolation was dangerous. But we made no binding alliance with France or Russia before the war; we kept our hands free as regards participation in war, and France and Russia knew that aggression upor Jermany or even an aggressive policy would get no support from us. Withis they were content and I never found an aggressive spirit in Frenciar Russian policy.

"We wished to keep our friends, but also to keep the peace of Europeand in the European conference in London over the Balkan war we gavproof of this and came through that without reproach and indeed with the redit of having worked for peace.

"One of the tragedies of the situntion is that this conference showed learly that there was in London machinery and personnel that could have etted honorably and fairly every dispute such as that of 1914, if it have been permitted to try and been trusted igain. That this was so was due to the personalities of the Ambasador in London of the five great European powers, including of course Licknoid sky and Mensdorff, the German and Austrian Ambassadors. I would have rusted every one of them to worl for peace again in 1914 as they hardone in 1912-12 and I believe they would all have trusted me—to play fair and not to try for anything but a fair settlement.

"But in 1914 Germany thought the time had come to take advantage of

Sifton Government Returned

The result of the general election n Alberta will not be a surprise. Phere was little to indicate that a change of government would take place. Conservative hopes rested on place. Britain's War Purpose Not One of Conquest **But Defend Liberties**

In Note to Russia it is Made Clear That Aims Are to Maintain Exist ence of Country, Enforce Respect For International Engagements, and Liberate Oppressed Populations — Britain Quite Ready With Allies to Revise Agreements if Necessary.

London, June 12.—The following is the text of Great Britain's note to itussia in reply to the request for a statement of the British war aims:

"In the proclamation to the Russian people enclosed with the note it s said that free Russia does not purpose to dominate other peoples or ake from them their national partitiony. In this statement the British government heartily concur. They did not enter the war as a war of conquest; they are not continuing it for unch object. Their purpose at the outset was to defend the existence of their country and enforce respect for international engagements. To those objects has now been added that of ilberating populations oppressed by alien tyrapny.

"They heartily rejoice, therefore, that free Russia has announced her intention of liberating Poland, not only Poland ruled by the old Russian autocracy but equally that within the

Says Dr. Cassell's Tablets have kept him Fit through Two Wars.

Sapper A. Hartiey, of the A Company, Canadian Engineers, whose home address is 906 Trafalgar-street, London, Ontario, is one of many who have written in praise of Dr. Cassell's Tablets. He says: "As a constant user of Dr. Cassell's Tablets, I would like to add my testimony to their value. I used them when I was in the South African War, and, finding the South African War, and, finding the House of them there, have taken them since whenever I felt run down. I always recommend them, for I know that they do all that is claimed for them. In my opinion they are the best tonic anyone can take for loss of appetite, poorness of the blood, or general weakness of the system."

A free sample of Dr. Cassell's Tablets, I would like to add my testimony to their walve. Tablets are the surest home remedy for Dyspepsia, Kidney Trouble, Sleeplessness, Anaemia. Nerve Paralysis, Palpitation, and Weakness in Children. Specially valuable for nursing mothers and during the critical periods of life. Sold by druggists and storekeepers throughout Canada. Prices: One tube, 50 cents; six tubes for the price of five. Beware of imitations said to contain hypophosphites. WILL CANADIAN SUCCEED GEN. BYNG?

Sir Sam Hughes Asks Minister Question in Parliament on Subject

Ottawa, June 12:—Sir Sam Hughes asked in the house yesterday as to the truth of the report that Sir Juian Byng would cease to command he Canadians in France. He wanted to know if a Canadian general would be appointed as his successor. Sir Edward Kemp, minister of militia, said that he had heard nothing apart from what has appeared in the press. He hoped to be able to give the house some definite information in the course of a day or two.

worked hard for the success of the Onoway agricultural society, the Onoway local of the U. F. A., the Onoway hospital, and other organizations in the locality. He was an ardent pronibitionist and assisted in the securing of prohibition for Alberta. In politics Mr. Priestley was a staunch Liberal and his name was mentioned as a possible candidate at a recent Liberal convention for Lac Ste. Anne constituency.

Three sons and a son-in-law are in the Canadian army. Rev. Norman F. Priestley is with the 202nd battalion, somewhere in France; Arthur enlisted with the 63rd battalion and has been reported wounded; Edgar also enlisted in the 63rd battalion and has been reported wounded; Edgar also enlisted in the 63rd and has been reported missing; Major Ross of Calgary is a son-in-law. He leaves a wife and three daughters: Mrs. Ross, of Calgary; Mrs. Oliver, of Saskatoon; and Miss Priestley, who resides with her mother at Onoway. Arthur Priestley of Onoway is a brother of the deceased.

The Priestley family came to Alberta form Yorkshire, England. In their various spheres of activity they have helped in the building up and the betterment of this province.

London, June 11.—Editorially The limes cays: "So far Canada has main-ained party government, but there, but there, loo, the day of party government, one, the carly, has passed. And this new phase in Canadian politics is the direct result of the imperial war cabines. Compulsion is no light thing for Canada to undertake. The entry of Anne to the United States into the war has made it sasier, but still the path is best with pitfalls: genuine difference of opinion is inevitable. People in the June part of the United States into the war has made it sasier, but still the path is best with pitfalls: genuine difference of opinion is inevitable. "That this viewpoint is not ignorable, is shown by the fact that it is shared by Sir Wilfrid Laurier and many of his most distinguished followers. Needless to say, we have intle sympathy with these views, which, we believe to be profoundly inistaken. Evidently Sir Rubert Borden has decided to do what he thinks is necessary and to abide by the result. There is every sign that his resolution will be supported by a solid majority of the Canadian people." That this viewpoint is

Another "Lady."

The doctor was attending an injured woman who had come to hisurgery with her arm severely bitten. He dressed the wound, and as he did so he remarked:

"I cannot quite make out what sort of animal bit you. The wound is too small for a horse's bite and too big for a dog's."

"Oh, it wasn't an animal!" exclaimed the patient. "It was another lady.

Late Crop Reports Throughout West

Calgary, June 11.—Rain has been fairly general in the last two days and has been velcome in some districts in southern and eastern Alberta, but in centre and north Alberta it is not needed and excessive moisture with low temperatures are retarding growth. However-a week's warm weather will bring vegetables along amazugly it is clearing today, but cool.

Lethbridge, Alta, June 11—A stady downpour of rain has covered the dis-trict since Saturday night, nearly an ine-failing already. The crops were not suffer-ing, but the rain assures them spiendid growth now.

Moose Jaw, June 11—The drought whithreatened to destroy garden stuff anwas also having a harmful effect on the crops in the district, is now over, tall having fallen practically all day sunda and Sunday night. The farm's say too it is one of the best spring cains in year as it has beeen a steady although too heavy fall for the entire 2 hours.

Saskatoon, June 11—Light rains fell Sunday night and is continuing, giving the local crops much needed moisture, though not in sufficient quantity to en-tirely allay the fear of the farmers. No loss has been reported in this district be-

cause of drought, but generally crops have not been doing as well as expected. Hard, soaking rain is required to prevent loss.

Brandon, June 11.—Though the rainfall Sunday night was only .13 of an inch, crop experts are jubiant. The rain fell in the evening with a slight drizzle during the night. The cool, cloudy morning enabled growing crops to retain the maximum benefits. Gardens were also benefitted.

Prince Albert, June 11.—It is cloudy here today with indications of approaching tain, Only a light shower has fallen so far, Rain is reported from several places in the district.

Malapropisms.

Malapropisms.

Mr. Andrew Lang once collected malapropisms. One of these is as follows:

"Visitor—I am very sorry for the death of your poor aunt. A very aged woman she must have been. The Bereaved Nice—Yes, ma'am. In two or three years she would have been a centurion."

Another is: — Rural Parishloner (about to marry for the second time), to congratulatory friend—Weel. I'm marrying mostly for the sake of the bairns. If it was just masel, I could e'en gang on being a celebrity."

CHICAGO GRAIN MARRET.

Chicago. June 12—Reports of increased orivals of wheat in Great Britain and of a liberal floating sunnly tended today to sull down prices here. Resides, advices regarding the crop outlook on this side of the Atlantic continued waverable. The volume of trade was small. Opening prices which ranged from the same us yesterday's finish to le lower, with July at 238 and September at 208, were followed by a charp decline all around.

Warm weather and sunshine led to free-elling of corn. The fact that recent advances were based to a large extent on erco backwardness due to lew temperatures and excessive rain caused many holders to unload. After opening sie to 28c down, the warket underwont a decided further say that of the committee of offerings lifted provisions. Higher quotations at Liverpool and in the hog market here atmusted demand. Scarcity of cash offerings acted later a prop to futures. The close was unsettle'to to 3c lower, with July at 233 and September 208.

NORTHERN MEN TELL OF GREAT CROP PROSPECT

hose Who Know Situation Best Say That 150,000 Acres Have Been Sown.

Peace River, June 12.—If ever a pring crop showing was good enough a make the farmers optimistic this pring's indications in the whole Peace tiver Valley ought to be the one to do the work. Clear from Peuce Coupe. In the west, from Fort Vermillion of the south, from Fort Vermillion of the conderful crop prespects.

While the season is an acknowledgible backward one still the grain is owing splendidly and has an all und healthy appearance. While it is impossible to get a very courate estimate of the acrease uncorrection it is safe to say, claim a number of men, who are well posted, that 10,000 acres are now in. The raintil has been just right, the weather little too cold, but even yet there is ienty of time for maturing the northern crop.

HEAVY RAIN SAVES MANITOBA CROPS

Practically All Grain Growing Areas Have Been Benefitted By Downpour

Winnipeg, June 12.—The immensely valuable showers of fain which began on Sunday night continued intermit tantly all yesterday in a series of down pours that drenched the land. The precipitation between 7 a.m. and 7 p.m. was half an inch while the earl morning storms of yesterday werruch heavier.

Reports show that practically all the grain growing areas of the prairiprovinces have been benefited by the rainstorms that, in many districts came not a day too soon to save the grops.

"The rain has saved the situation in Manitobs," maid Hon. Val Winkler. Minister of agriculture,

Adventures of

Uncle Wiggily and the March Hare

Copyright, 1917, by McClure News-

"Well, Uncle Wiggily, you certainly did have quite a time, didn't you," said Nurse Jane Fuzzy Wuzzy, the muskrat lady housekeeper for the rabbit genteman as they both sat on the porch of the hollow stump bungalow one morning. It was the day after the bunny rabbit had been caught in the mosquito hole, where he swelled up too big to get out, after eating cake from the glass box, as I told you last night.

Then Alice from Wonderland happened along and gave Uncle Wiggily a drink from a magical little bottle se that he grew small enough to crawl out of the hole again.

"Yes, I had a wonderful time with Alice," said the rabbit genteman, "It was quite an adventure."

"What do you spose was in the cake to make you swell up so large?" asked Nurse Jane.

"Cream puffs," answered Uncl Wiggily, "They're very swell-like yoknow"

"Of course," agreed Nurse Jane

"Cream pufts," answered Uncl Wiggliy, "They're very swell-like yo know"

"Of course," agreed Nurse Jane "And what was in the bottle to make you grow smaller?"

"Alum water," Uncle Wiggliy madreply. "That's very shrinking you know, and puckery."

"Of course," spoke Nurse Jane agair "Imight have guessed it, Now I suppose you're off again?"

"Of to have another adventure, went on Uncle Wiggliy, with a joillaugh. "I hope I meet Alice again, wonder where she lives?"

"Why, she's out of \$ book," sa' Nurse Jane. "I used to read about he to Sammie Littletail, when he will will be a little rabbit chap."

"Oh, yes, to be sure," said Unc' Wiggliy. "Alice from Wonderland! like Mother Goose, Sinbad the Salle and my other friends. Well, I hope meet some of them and have another adventure now," and away he hoppedown the front steps of his bungalow as spry as though he never had have the winder the swamp had gone away of their summer vacation, and so they did not bother the bunny rabbit jus at present. He no longer had to practice being a soldler and stand on guard against them.

Pretty soon, as Uncle Wiggliy hopped along, he came to a little place in the woods, all set around with green frees, and in the center was a large doil's tea table, all ready for a mea'.

"Ha! This looks like an adventure intendy" said the bunny uncle to

green trees. and in the center was a large doll's tea table, all ready for a mea!.

"Ha! This looks like an adventure already!" said the bunny uncle to himself. "And there's a party," he went on, as he saw the little girl named Alice, a March Hare (which is a sort of spring rabbit). a hatter man, with a very large hat, much larger than Uncle Wiggily's, on his head, and a dormouse. A dormouse to doormouse) is one that crawls out under a door, you know, to get away from the cat

"Oh, here's Uncle Wiggily!" cried Alice. "Come right along and sit down. We didn't expect you!"

"Then if I'm unexpected, perhaps there lan't room for me," spoke Uncle Wiggily, looking at the March Hare.

"Oh, yes, there's plenty of roommore room than there is to eat," said the spring "abbit. "Besides, we really knew you were coming."

As this was just different from what Alice had said. Uncle Wiggily did not know what to believe.

"You see, it's the unexpected that always happens" went on the March Hare, "and of course, being unexpected, you happened along, so we're glad to see you."

"Only there isn't anything to eat," said alice. "You see, the Hatter's watch only keeps one kind of time—"

"That's what I do when I dance," interrupted Uncle Wiggily.

"We haven't come to that yet," Alice spoke gently. "But as the Hatter's watch only keeps tea-time we're always at the tea table, and the cake and tea were caten long ago."

"And we always have to sit here hoping the Hatter's watch will start off again, and bring us to breakfast ou, dinner on time," said the March Hare, who, Uncle Wiggily noticed, began to look rather mad and angry "He's greased it with the best butter but still his watch has stopped," the hare added.

"It's on account of the bread crumbrat got in the wheels," said the Hatter, dipping his watch in the crear pitcher, "I dare say they'll get soaked in time, But pass Uncle Wiggily the buns," he added, and Alice passed are empty plate which had had dog biscuits on, only Jackie and Pettie Bow Wew had eaten them all up—I should say mea'.
"Ha! This looks like an adventure

"Well, what do you want?" asked the Mad March Hare of the Wabber
